

PHOTOGRAPHY FOUNDATION TIMELINE

PHOTOGRAPHY FOUNDATION TIMELINE – EVENT SCHEDULE

Time	Event	Description
13:30	Partner 1 Prep	For couples choosing Foundation, preparations are usually only possible when everything is happening close together. We generally allow around 30 minutes to capture the final touches, natural moments and key details before heading to your partner's preparations.
14:00	Partner 2 Prep	We'll spend a similar amount of time with your partner, focusing on the moments that matter most before leaving together for the ceremony. Keeping preparations nearby helps make the most of your six hours of coverage.
15:30	Setup	If time allows, we'll arrive a little early to capture your ceremony space before guests are seated. These details often become some of the images you'll treasure years from now.
16:00	Ceremony	The ceremony is the heart of every wedding day and always receives full coverage, from your walk down the aisle through to your first kiss and celebrations afterwards.
16:30	Family	Family photos are usually completed straight after the ceremony while everyone is together. We'll help keep things organised so you can return to celebrating as quickly as possible.
17:00	Wedding Party	We'll spend a short period creating relaxed, natural portraits with your wedding party before moving into couple portraits.
17:15	Portraits	Foundation includes enough time for beautiful couple portraits without taking you away from your guests for too long. We'll guide you naturally while leaving plenty of space for genuine moments.
18:00	Entrance	We'll capture your reception entrance before settling into the evening celebrations as your guests welcome you into the room.
18:30	Entree	Dinner coverage focuses on natural interactions and the atmosphere of the reception rather than photographing every course.
19:00	Speeches	Speeches often become some of the most emotional moments of the day. We'll capture not only the speaker, but the genuine reactions shared around the room.
19:30	Main	While guests enjoy dinner, we'll continue documenting candid moments, table interactions and the atmosphere unfolding throughout the reception.
20:00	Speeches	If speeches continue after mains, we'll remain focused on capturing the laughter, tears and reactions that often become favourite memories.
21:00	First Dance	Your first dance provides a beautiful way to finish Foundation coverage, capturing the celebration before the dance floor comes to life.

PHOTOGRAPHY FOUNDATION TIMELINE – EVENT SCHEDULE

22:00	Dancing	If your timeline allows for dance floor coverage, we'll capture the energy and excitement as everyone joins you to celebrate. (Depending on your actual Foundation package, this may not be included if coverage finishes after first dance.)
23:00	Farewell	A farewell is only possible if additional coverage has been selected. Most Foundation collections conclude earlier, making the first dance the natural finishing point.-
